Prudence in this and in all other Cases, shall be the Guide of the People. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce us under absolute Tyranny, it is our Right, but it is our Duty, to throw off such Government, and to provide new Guards for our future Security. —

But what have we done? — We have altered their former Systems of Government: — We have established a new System of an absolute Tyranny over these States: — We have, by this, let Facts be substituted for Principles: — We have forbidden our Governors to pass Laws in the public good. — We have forbidden our Governors to pass Laws, and when so suspended, we have utterly neglected to attend to them. — We have denied the right of Representation in the Legislature, a right inestimable to them, and distant from the Depository of their Public Records, for the sole purpose of fattening with mainly fineness his invasions on the rights of the People. — We have, by the Acts of Annihilation, have returned to the People at large for their assistance; — We have endeavoured to prevent the Population of these States; for that, and raising the conditions of new Appropriations of Lands. — We have made Judges dependent on his Will alone, for the tenure of their offices, — We have made Officers to tyrannize our People, and eat out their substance. — We have made the Military independent of and superior to the Civil power. — We have given our Assent to their Acts of pretended Legislation: — For Quartering of Soldiers which they should commit on the Inhabitants of these States: — For depriving us in many Cases of the benefits of Trial by Jury: — For transporting us to distant Provinces, establishing therein an Arbitrary government, and enlarging our Colonies: — For taking away our Charters, abolishing our most valuable and declaring themselves invested with power to legislate for us in all cases. — We have plundered our seas, ravaged our Coasts, burnt our towns, and destroyed our works of death, desolation and tyranny, already begun with circumstances of Cruelty. — We have constrained our fellow Citizens to bear Captive in the high Seas to be sold. — We have excited domestic insurrections amongst us, and have endeavoured to destroy the lives of all ages, sexes and conditions. — In every stage of these Opprobrious and tyrannical Proceedings, a Prince, whose character is thus marked by every act which may define a Tyrant, has been the author of the same. We have warned them from time to time of attempts by their Legislature to extend their jurisdiction here. We have appealed to their native justice and magnanimity, and we have begged their interposition. They too have been deaf to the voice of

Rain or shine, the football team got in those work-outs.

Right on. Another school day is over.

Mrs. Arrington finds a good way to relax and celebrate.

Welcome, new teachers. Celebrate with us.

It came close to being a handstand.

Everyone seems to be celebrating. You do not need a spectacular reason to join-in. Anything will do—like happy Wednesday, or having pizza for lunch, or telling someone you do care—find something and celebrate with us.

We experience a celebration
So we let the burden of sorrow drop and
we pass by loneliness.*

Summer's now over
And school's begun
Still you can have
Lots of fun.
Study each
And every day.
Have time for work
And time for play.
Enjoy each day
And all it brings.

Use energies
For worthwhile things.
By you decisions
Must be made.
By you the right
And wrong be weighed.
In life, in school
When comes a test,
May you always know
You've done your best.

Mr. Bogg's bulletin board seems to say it all. Most of the students took the advice and made the year a good one.

Demonstration is a good method in teaching. Mrs. Bowman does a top job with this one.

Lindsey Vaughn and Melinda Bowles are celebrating.

Our Trip to Old Dominion

Here we are, getting ready to leave Roanoke on Amtrak. By the end of the 7 hour ride, pants were rolled up, hair was pulled up, and a tired bunch left the train.

Here's where we ate, slept, and played. The food was great and nobody minded getting up early.

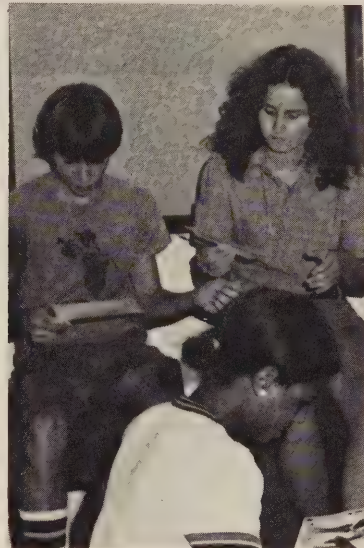

Shiela Mack

Sue Brooks

With all the work, and great food, Gregg got tired out easily. Besides working, we went to the beach, played tennis, shot pool, and drank cool drinks.

It wasn't all play. We stayed up till 1:00 some nights working.

Lee Tyler

Gregg Arrington

Every day we walked 7 blocks to classes. Just like school.

The trip was great! Despite the hot train ride. We had classes but nobody minded. We always stopped for Cokes or to just rest. The dorms were air-conditioned and carpeted. We learned a lot about putting together a yearbook.

Our interest was captivated with Mrs. Flora's use of the overhead projector. Ty Walker is showing special attention.

Mrs. Pauline Flora taught algebra for eleven years at Franklin County Junior High. Her announcement of taking an early retirement was a surprise to everyone. We hope she is doing all those things she did not find time to do while teaching, but we do miss her, not only as a teacher but also as a friend.

School recognition of Mrs. Flora's retirement was featured on the menu bulletin board.

Giving a gift was the way Becky Woody showed her gratitude to an excellent math teacher.

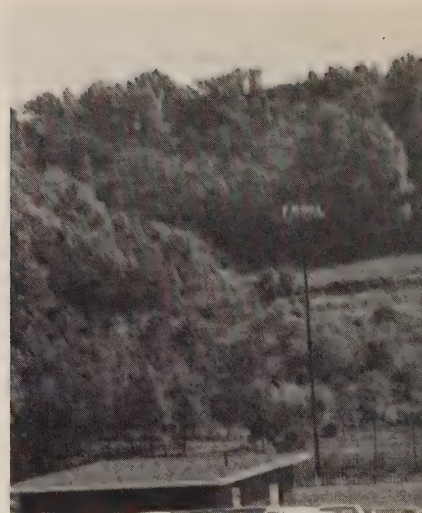

During hall duty was just another time that Mrs. Flora used to communicate with students. Here Teresa Drewry, Robin Bowling, and Melinda Bowles were chatting with their algebra teacher.

The Science Department

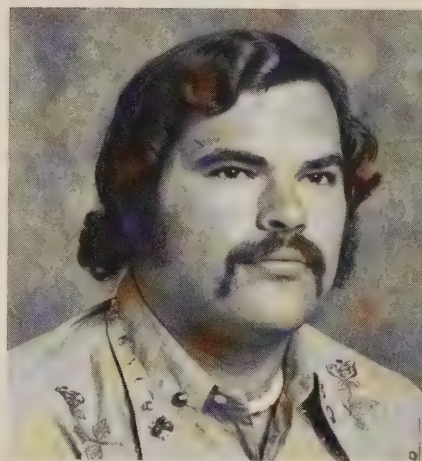

The world is a big place. The Science Department enables the students to make it smaller by helping them understand how various parts of the universe function. Asking why and finding the answers through scientific research is the aim of this department.

Pretending to be of another time and place was a little difficult for these ninth graders.

What would you see if you could look at yourself through the eyes of someone else?

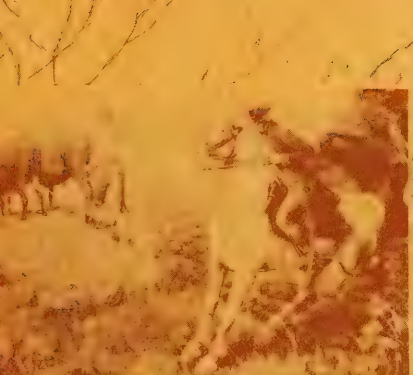

The idea of the original thirteen colonies and their leaders was born out of a passion to be free—to chart their own destiny of building a country out of this thin fabric called Freedom.

The break from England was not to come easily, as this fledgling was viewed as a serious threat to the tentacles of the vast and far-flung British Empire.

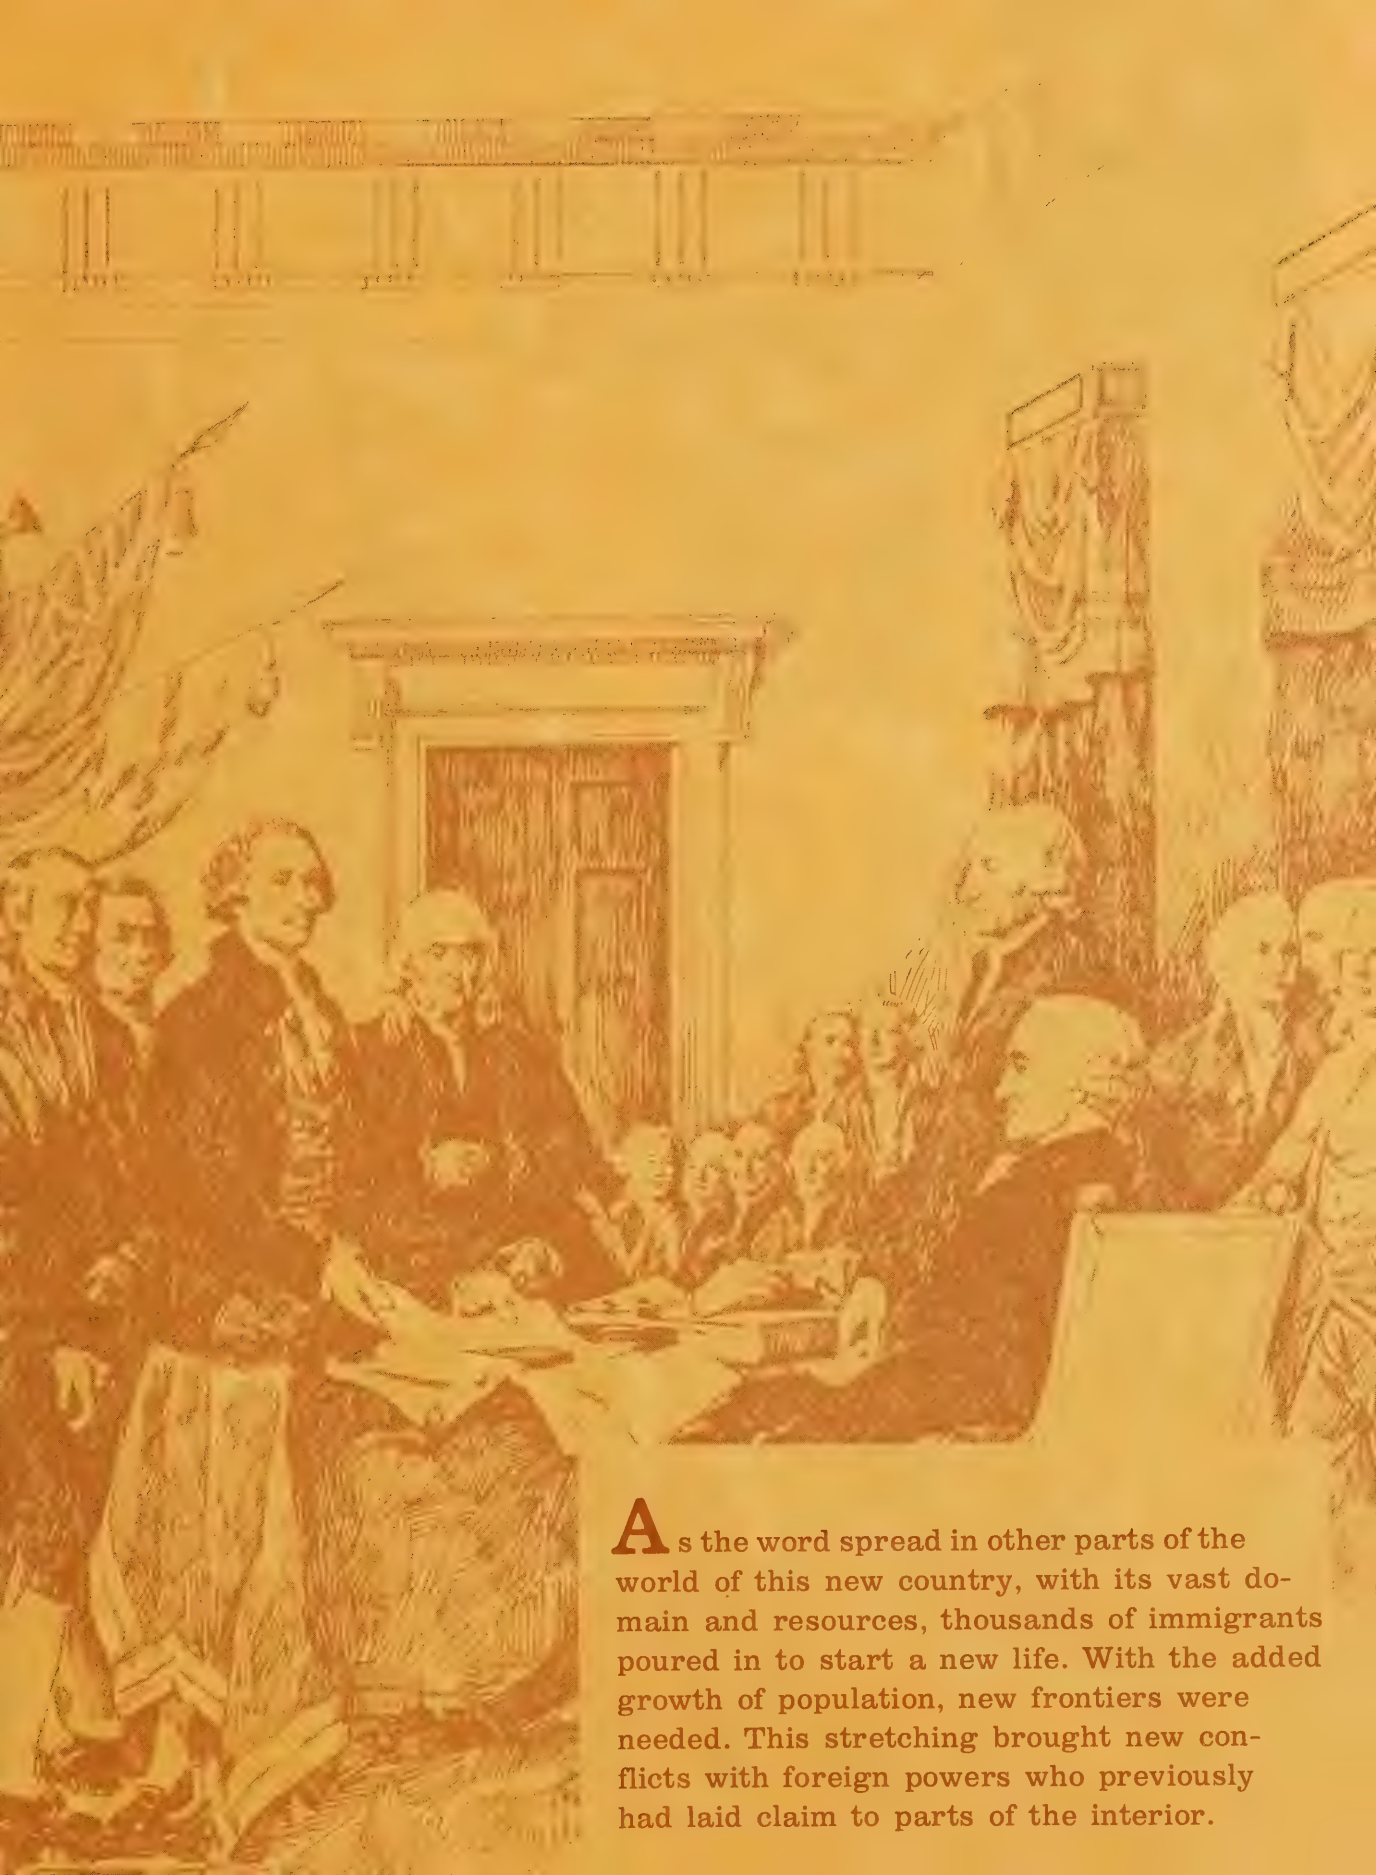

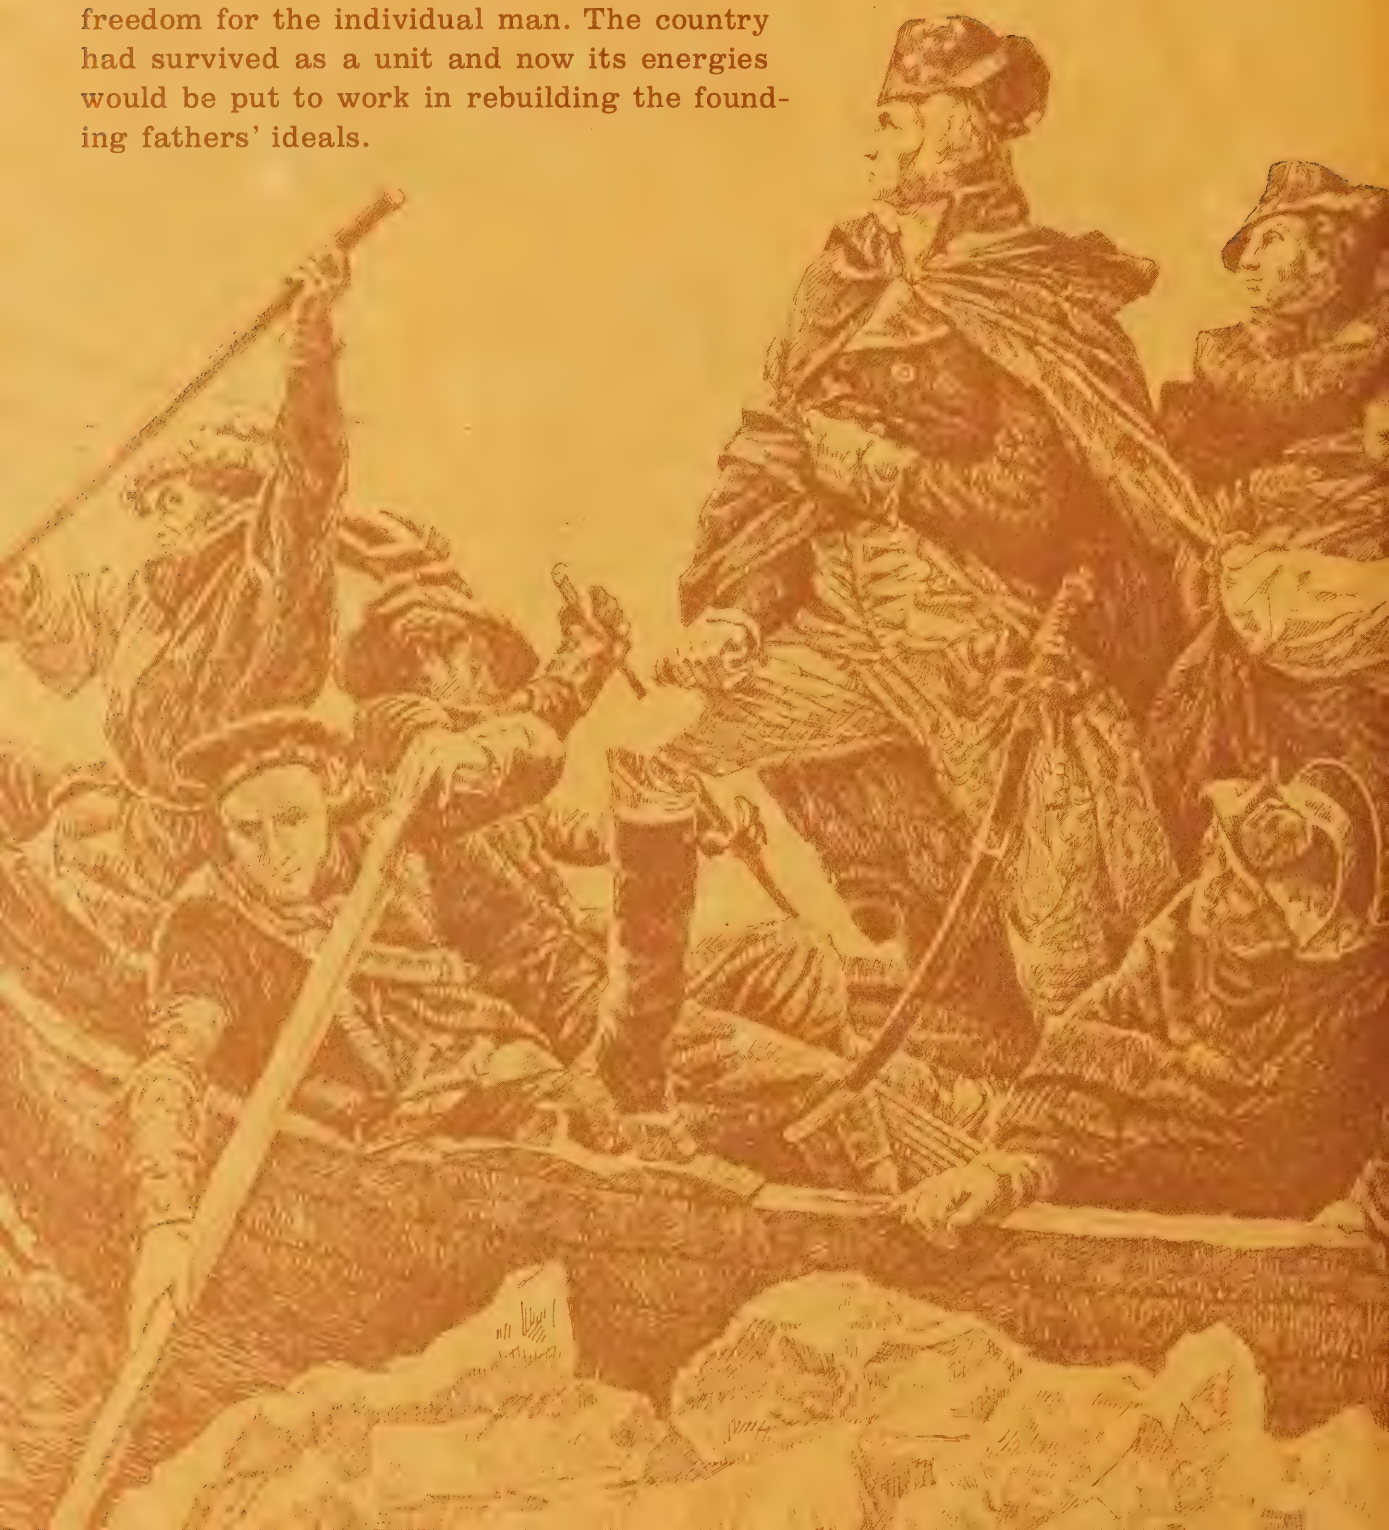

Patriots rose from every corner of the struggling country. Help came from other European countries to add to the flame of breaking the grip of England. Farmers, fishermen, cobblers and men from every walk of life took up their arms to defend this new-felt right to be free. As the smoke began to clear, ideas on organizing this diversity of colonies into a coalition of united states began to take shape. The form of a Constitution and Bill of Rights was molded by statesmen who previously were nonexistent.

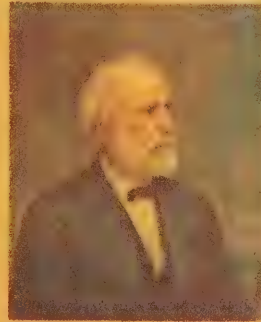

As the word spread in other parts of the world of this new country, with its vast domain and resources, thousands of immigrants poured in to start a new life. With the added growth of population, new frontiers were needed. This stretching brought new conflicts with foreign powers who previously had laid claim to parts of the interior.

As the gangling country continued to grow, internal disagreement erupted into a battle of economic and philosophical differences. The battle was to leave scars which would heal only after generations had passed. Out of the wounds came a stronger fiber of freedom for the individual man. The country had survived as a unit and now its energies would be put to work in rebuilding the founding fathers' ideals.

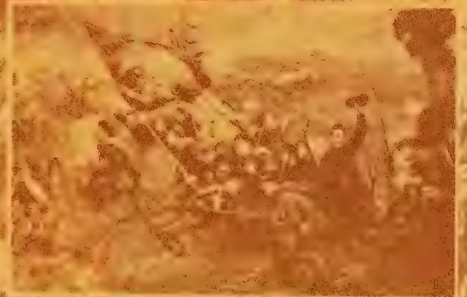

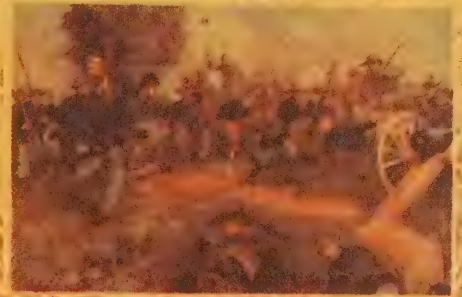

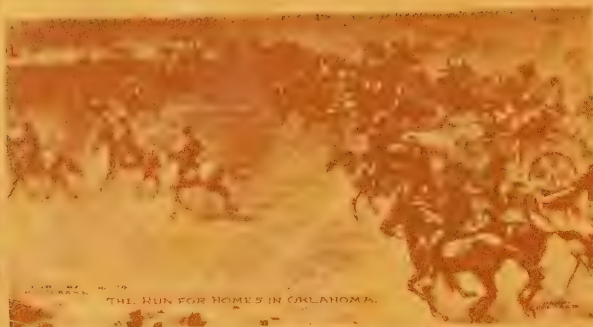

PICTURES OF THE WAR

GOOD BYE-GOD SPARE YOU

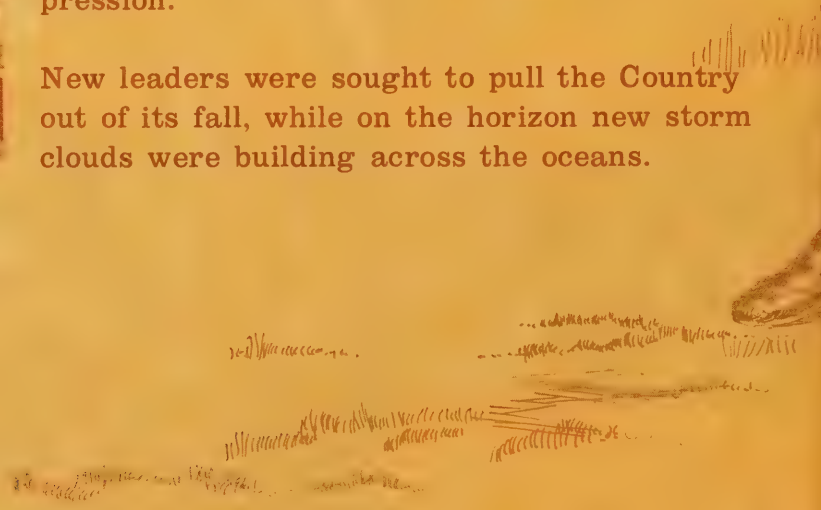

The need for new frontiers continued as movement spread West. A rapid explosion of technological advances pointed the country into the fore as an industrialized nation.

As one of the leading industrial nations, this strapping, growing giant became embroiled in the first of the World Wars. After its success with other Allied Nations, a never-before-felt boom and prosperity was followed with the shattering bust of the Great Depression.

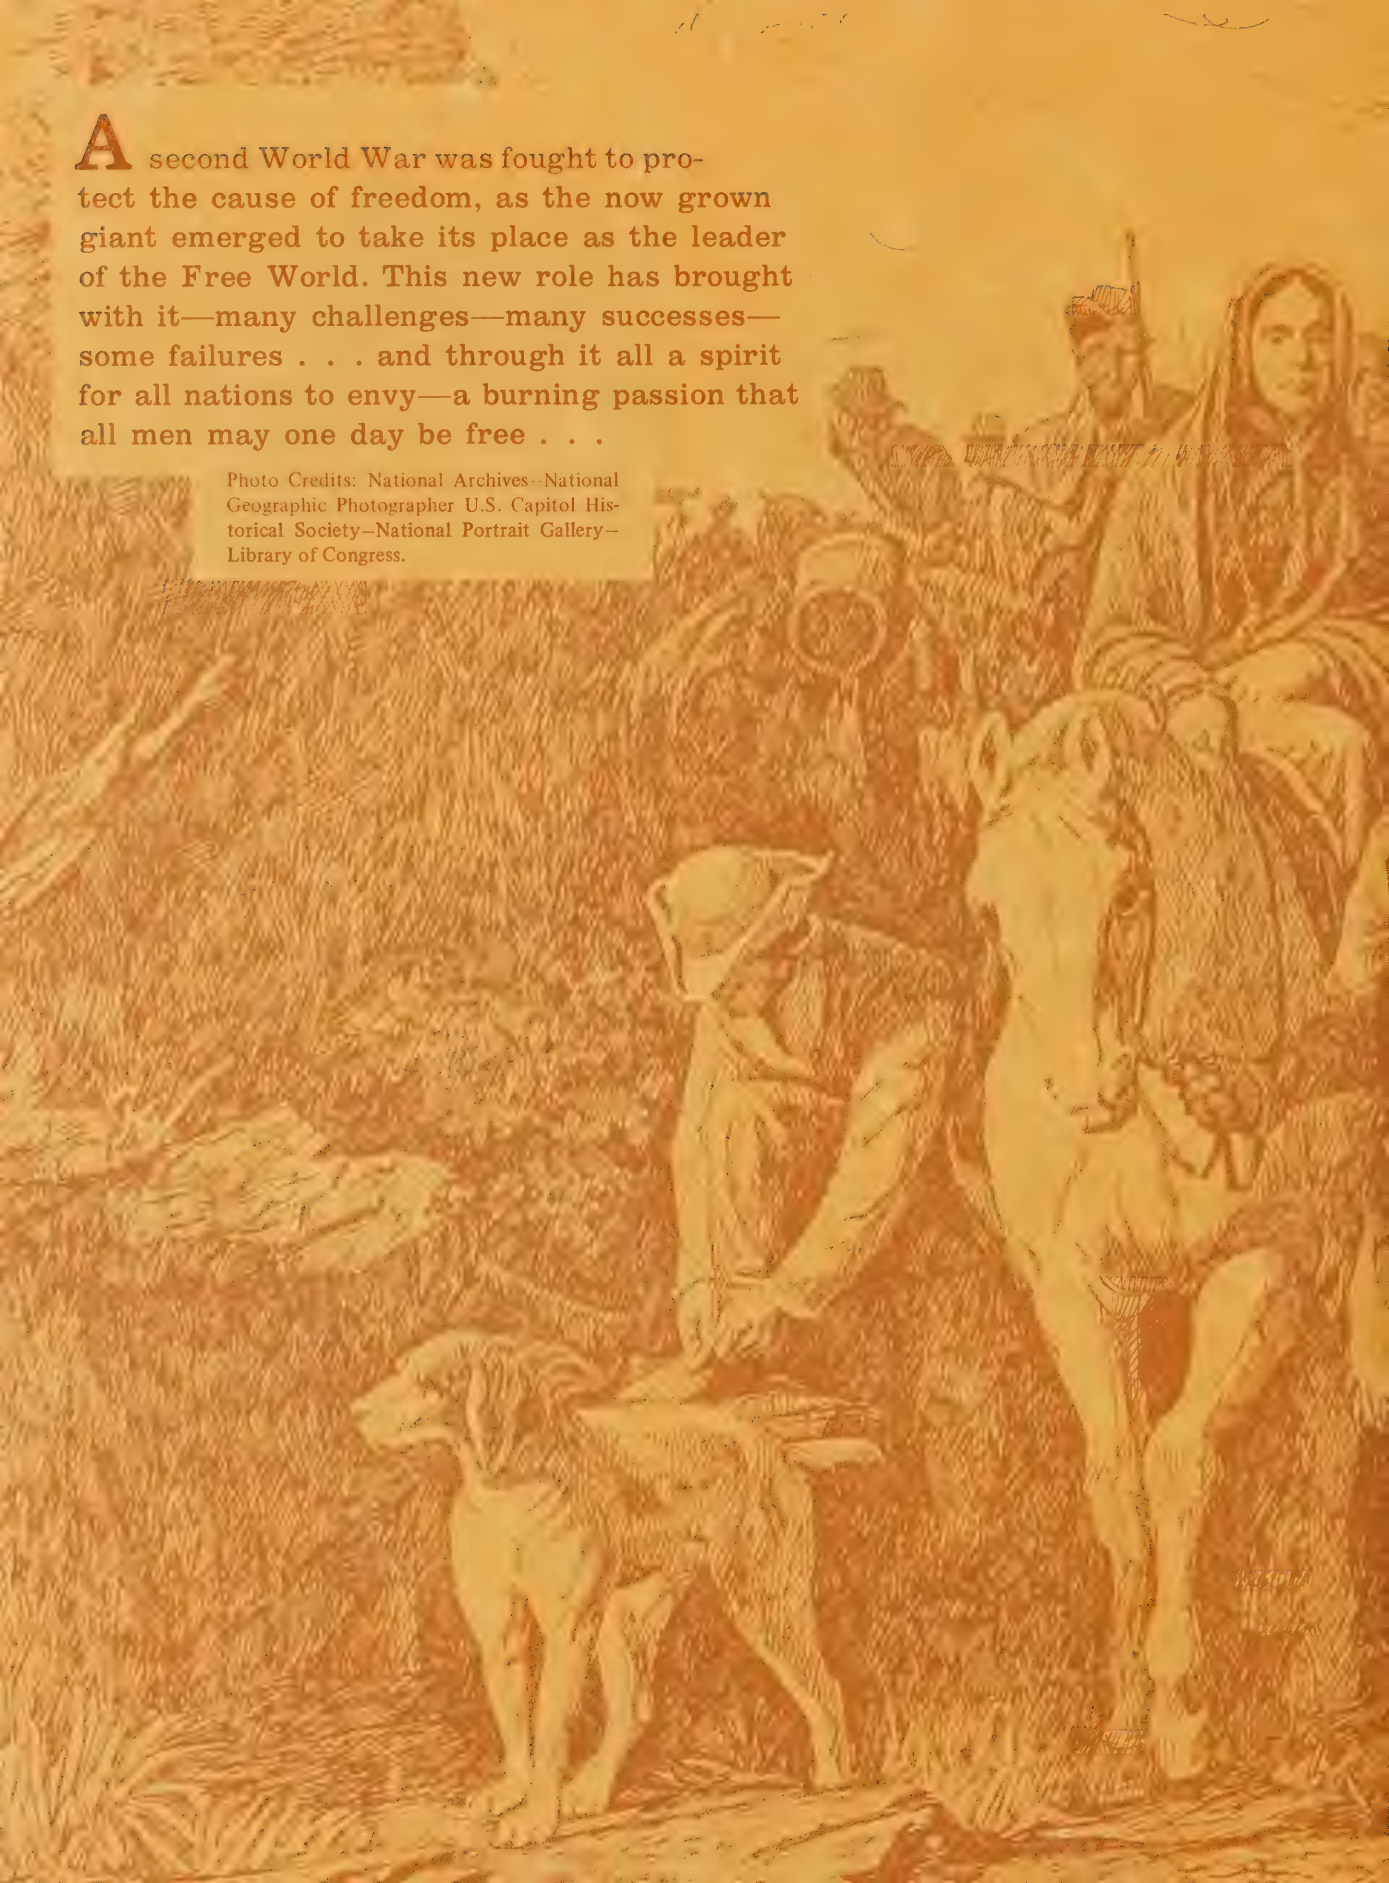

New leaders were sought to pull the Country out of its fall, while on the horizon new storm clouds were building across the oceans.

A second World War was fought to protect the cause of freedom, as the now grown giant emerged to take its place as the leader of the Free World. This new role has brought with it—many challenges—many successes—some failures . . . and through it all a spirit for all nations to envy—a burning passion that all men may one day be free . . .

8th and 9th Cheerleaders

Hours of practicing, long tryouts, yelling till you're hoarse, can all pay off. This year's cheerleaders work hard to represent Franklin County Junior High School. Their yells and cheers for recognition of their team show that in a way, we really are number one.

Not everybody could make the squad, but these few talented girls who did make it really showed their appreciation by working hard.

Dana Finney and Kim Young doing one of their many stunts.

Thunder, Thunder. Thunderation. We're the Eagle elegation. When we fight for determination, we create a big sensation.

Girls' Intramurals

Having a chance to learn some basic skills in basketball was made possible in the girls' intramurals. Mrs. Dana Hayes and Mrs. Connie Hylton worked with this program in helping junior high girls develop their abilities in this sport.

Graceful movements by V. Katenkamp, M. Newbill, and W. Davis.

Eighth Grade

Herman Delong, number 30, scrambles for the football.

Jeff Wells, number 86, plows into the defensive man with a hard tackle.

Bobby Fralin, number 24, runs the ball around the end escaping their defense.

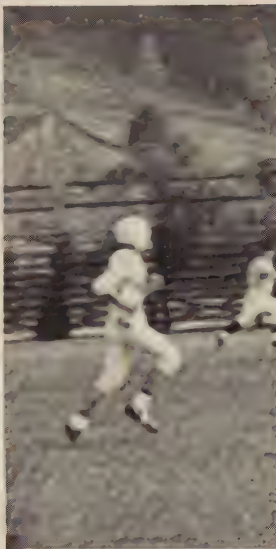

Coach Stie and manager Charles Rose watch from the sidelines.

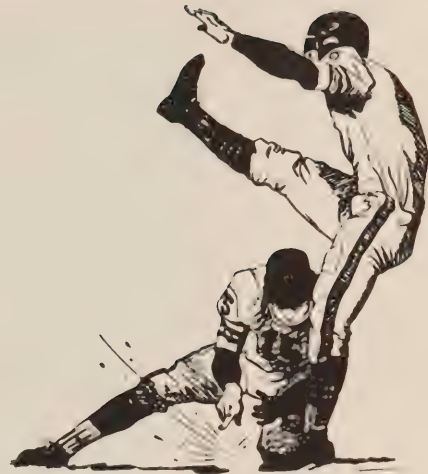

Football

Everyone looking at number 48, as he tries to fake out the opposing man.

Would you believe he's playing football?

Number 22 hasn't got a chance as defensive man of Baby Eagles pulls him down.

The speed of the eighth grade team kept opponents on their toes.

The Baby Eagles worked together to make tackles and blocks against larger opponents.

The 1975 season for the eighth grade football team, coached by Mr. Stie and Mr. Howell, had a very rewarding season. They came through with four heartbreaking losses, two overwhelming victories, and one tough tie. The team put in a lot of hard work and effort to make this football season worthwhile.

9th Grade

A very sharp looking football team.

Who's got the ball?

Look out buddy; I'm bringing you down.

Football

Football practice on a rainy day was not always easy.

We spent lots of time getting ready for our opponents.

First Row: A. Cooper, J. Robinson, B. Fralin, J. Hollingsworth, L. Quinn, P. Odell, Manager, T. Hogan. Second Row: Coach Hihgfill, L. Helms, P. Tuning, D. Boone, T. McGuire, D. Ellis, M. Preston, P. Seagle. Not Pictured: Scorekeeper, G. Glora; D. Hutcherson.

Much excitement is in the air as Bobby Fralin and an opponent jump for the ball.

Coach Hihgfill and his team discuss the next plan against their opponent.

The eighth grade basketball team had a very exciting season this year. The games showed that a lot of practicing had been done to achieve this, as all fans know.

Team members got a chance to improve and refine their basketball skills and all that hard work and effort paid off.

8th Grade

With long strides, Jimmy Hollingsworth dribbles down court.

Jumping high, Bobby Fralin shoots for 2 points.

Phil Tunning and a Patrick Henry opponent battle for the ball.

Bobby Fralin, Jimmy Hollingsworth, and a tough, defensive opponent struggle for the ball.

Basketball

9th Grade

With one second to go, the Eagles are victorious over William Byrd with a score of 46—23.

With William Byrd's guards close behind, Roy Preston puts two points on the scoreboard.

Robert Wade pulls a jump shot on the William Byrd defense.

The FCJHS 9th Grade Basketball team had a very good year. The team worked hard to accomplish every thing they did. They practiced after school, anytime they could find the gym available. They may not have had the greatest record, but we, the student body, still think they were number 1.

Kneeling: Robert Wade, Wayne Gillie, David Grey, Jeff Naff, Bob Parcell. Standing: Manager, John Thurman, James Newbill, Russell Witcher, Darrell Haskins, Roy Preston, Leo Wade, Charles James, Tony Helm, T.P. Prilliman, H.D. Woody, Arthur Tolliver, Coach Boggs.

Basketball

We had a fine assembly when the athletes were presented to the people.

Don't let them get that ball, Tony.

Roy Preston tries to handoff to Tony Helm.

Robert Wade guards one of the twins of the William Byrd game.

Wrestling

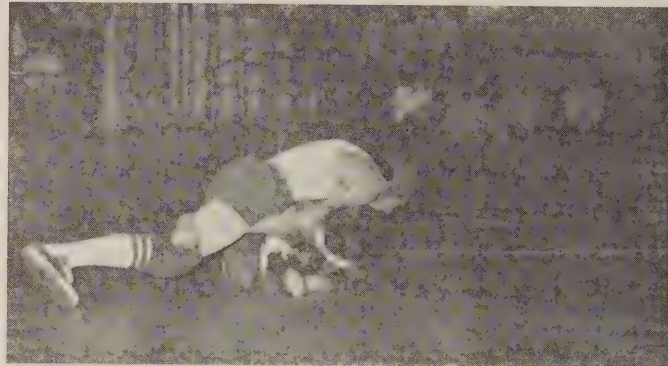

Weightlifting was a popular sport.

The Wrestling Team had a very good year, for which they really worked. The assembly for the team was very exciting, and the students were pleased to see the team in action.

Jr. Varsity: C. Pace, R. Prillaman, B. McEnheimer, M. Lumpkins, H. Smith, Coach Robey.

Are we winning?

Row 1: T. Helms, D. Hodges, J. Wells, P. Arrington, C. Chitwood, R. Matherly, M. Scott, D. Witcher, J. Perdue, D. Shea. Row 2: K. Tanks, C. Wright, D. Hambrick, S. Lynch, J. Nunley, S. Gregory, T. Campbell, T. Hodges, R. Hambrick. Row 3: Coach McGrew, T. Thompson, S.

Staff-Student Softball Game

Power was on the bat as Courtney Hutcherson hit a home run.

The 1975 Staff vs. Student softball game was a great success. The men played the boys and the women played the girls. The rest of the student body enjoyed cheering for their favorite team. Selling cokes kept several faculty members busy, but having a cold drink sure tasted great in the hot sun. The women were defeated and so were the boys. All in all, it was a most enjoyable afternoon.

The track team's record was perfect. 8-0. Many people broke previous records.

Steve Wade hurls himself over the bar to keep up with the high competition.

Having a winning season gave FCJHS a lot of pride and prestige. The coaches and team put in a lot of hard work to bring about the record, but it was well worth it.

Looking to see what we would have for lunch was part of our daily routine.

It was pretty crowded in the cafeteria, but we managed to eat by having four separate lunch breaks.

The kitchen must have been a busy place getting so much food ready.

We did have to eat rather hurriedly, especially if we were the last in line.

We liked being with friends; our dismissal often came too soon.

An unasked for "shower" sometimes went with the emptying of trays.

The Spring

Keeping with the music was great fun for R. Edwards and S. Mack.

A slow dance.

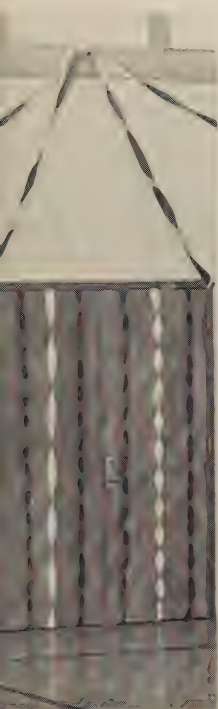

Great fun.

Attendance was superb. All our friends attended. Decorations were exciting for this special event.

Sock Hop

It was good to be with special friends.

Dance, dance, dance.

Having a disc jockey was something new.

Everybody Enjoys Assemblies . . .

Mr. Bateman and his high school band give an outstanding performance during an assembly.

The members of the drama group were really outstanding performers.

The eighth grade cheer squad show their enthusiasm and their school spirit during pep rally.

Our Favorite Assembly

Their music made us happy, and we wanted them to play all day.

Can you find who's sleeping?

Well, well—the music of the fifties wasn't too bad. This band made it sound good.

Hallways

Decorating a locker was fun, but cleaning it up at the end of the year was another story.

Many things went on in the hallways. The locker was always there waiting for you to find that book for the next class. That wasn't always easy as can be seen by Tim Tyree digging into his locker.

Where is it?

Waiting in the hallway.

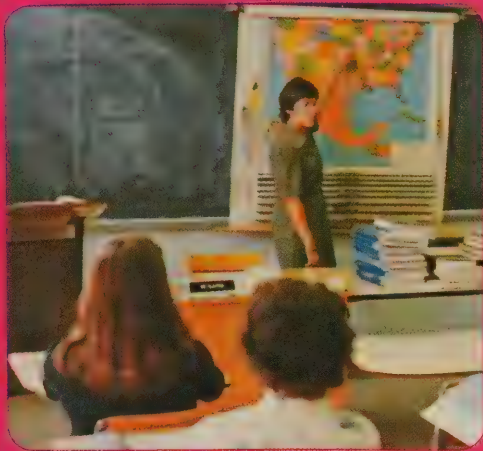

The library showcase displayed many interesting things. Mrs. Lynch was always willing to explain the unknown.

Keeping things clean.

Classrooms

A map in Mrs. Hedley's class helped us remember several places.

Science classes made the world come alive as we tried to learn what makes the world go round!

Reading, writing, singing, and all the rest were part of Mr. Cooper's class.

You can tell by the smiles on our faces that we enjoyed this class.

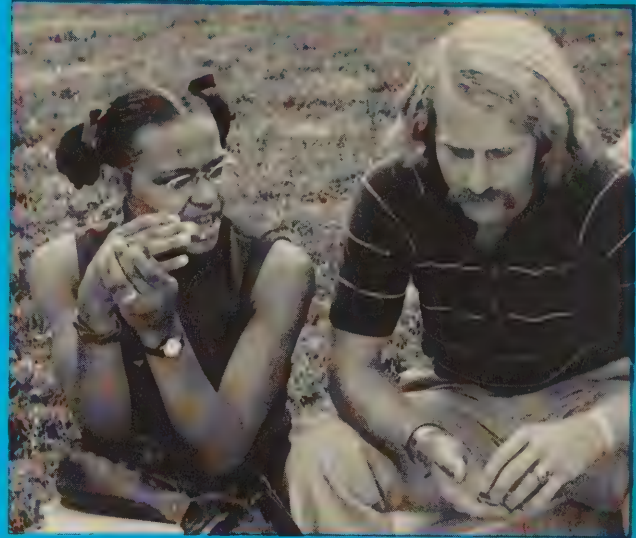

Graffiti

Out-of-Doors

Having the opportunity to get out-of-doors for a ball game was great.

Having an out-of-doors fishing session with Mr. Parcell was interesting.

This was a good place to have a class. We were grateful for the shade.
